DON'T MISS THE BIGGEST THRILL IN BOWLING

BOWLERS IN THE 140-175 AVERAGE RANGE, I have talked with a few of you in this group, who feel they would not have a chance in the ABC '67 Tournament to be held in Miami Beach.

This is not so and I urge you not to miss the thrill of bowling in this tremendous spectacle.

The BOOSTER DIVISION is limited to teams with 850 or less averages, and you do not compete with the higher average bowlers.

Prize funds of \$865 will be set aside for EACH SQUAD of 34 teams in this

division. Two-thirds of the teams in each squad will be in the money. In addition there will be an overall prize list for all the booster teams, plus trophies and ABC Awards.

My sincere thanks to the officers, directors and league advisors for their wonderful assistance during the past year. My sincere thanks to the proprietors and bowlers for their wholehearted support of our various programs.

Clifford R. Munson,
President

YOUR SECRETARY'S REPORT

The highlights of the past season include our three annual meetings of Presidents & secretaries held in August, which were attended by over 200 leagues who received their winter supplies and instructions; our first joint Hall of Fame-Installation-Dinner-Dance honoring Ben Boone, Tony Macina, Ila Callaway, Ruth Hall and Susie Springmann; the BVL Tournament in November that produced an above average collection of \$2,983.01 which still ranks 8th in the nation; in December, our 3rd annual League Officers Tournament and our first AJBC-YBA City Tournament with over 500 juniors participating; the AJBC Junior Singles Championships in March with 289 participants; the 26th annual Association Champion-

ships at Palm Springs with a prize fund over \$13,000.00 and an increase in entries over the previous year and our 8th annual Bowlers Dance in April which featured presentation of the Association Champions Trophies.

Unfortunately the closing of several houses and a reduction of 62 lanes since the previous summer has resulted in a loss of membership. With over 65% of our leagues mixed, this also represents a decrease of 20% in team membership and less men bowlers as well. Our certification of Surf Lanes in Freeport resulted in the formation of the Grand Bahama Bowling Association.

There will be no Association Championship Tournament next year in deference to

(Cont'd on Page 7)

the ABC Tournament at Miami Beach from March 4 to May 7. Our all-out effort this coming summer and winter season will be for entries to the "world series of bowling", the sale of advance tickets and raising of funds to pay our share of the expenses.

The ABC Convention at Rochester, N.Y. ratified 16 new amendments to the constitution which will be effective after Aug. 1, 1966. Also, our Association was

honored by the election of our President Cliff Munson as an ABC Director.

In conclusion, I would like to thank the Board of Directors, League Officers and Bowlers for their cooperation during the past year, the 9th season that I have had the pleasure of serving as your Association Secretary.

3 CHAMPIONS

Dick Weber, left, winner of the 1966 BPAA All-Star Championship, is pictured with runner-up, 23-year-old Nelson Burton, Jr., who came within three pins of Weber's final score, 684-681. Pictured with both Weber and Burton is the AMF Classic ball each used in the tournament, and a champion in its own right. This AMF Classic ball, with the exclusive 3

white-dot "Built-in Guidance System" that shows bowlers the way to better scores, has become the most popular ball in bowling today.

LANE AND LEAGUE CODE

HOW TO USE THE LANE AND LEAGUE CODE

Listed below are all of the area Bowling Lanes with their 1965-66 A B C Sanctioned leagues. The Code assigns letters (AA, BA, BB, etc) to each establishment and then a number (1, 2, 3 etc) to indicate the league bowling at the particular establishment, thus (AA-1) would indicate a league (Airport Businessmen's) bowling at Airport Lanes. This code is used after each bowlers name in the average list which follows, to indicate his highest average for 21 or more games.
